ASTRARI

SECURITY REPORT · MULTI-ASSET SUMMARY

Monthly security report — March 2026

Allen Digital Studio · Sample report — anonymised data

03 Apr 2026 – 03 May 2026

ASSETS	SCANS RUN	ISSUES FOUND	ISSUES FIXED
5	324	11	7

GENERATED 03 MAY 2026 · BY SARAH@ALLENDIGITAL.EXAMPLE

EXECUTIVE SUMMARY

What we did for you this period

Across **5 assets** we ran **324 scans** looking for vulnerabilities, malware, configuration drift, and other security issues. In that time we surfaced **11 new findings** and resolved **7**. As of right now, **5** issues are still open and being tracked.

NEW FINDINGS	FINDINGS RESOLVED	CURRENTLY OPEN	SCANS RUN
11	7	5	324

The pages that follow break down each server and website individually — what was found, what's been fixed, and what's still being tracked. If anything in this report is unclear or you'd like to discuss a specific finding, get in touch with your Astrari team.
